

# COMMUNICATE WITH EXPANDED MESH

Yes! With expanded mesh. Photos and TV filmage where expanded mesh is in the spotlight. The star. The story we're about to tell you is thanks to the creativity of the designers with whom we've worked. Enjoy!

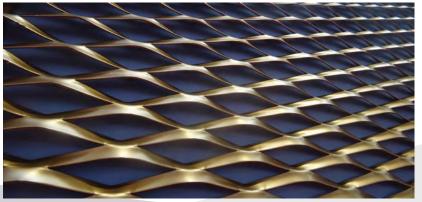

### **Sparkling solutions**

Not just metaphorically speaking. See how the flat and curved surfaces attract your attention and enhance the setting. Expanded mesh adds extra value to each project; flashes, reflections, transparency, shadows and shifting light. Not usual flat surfaces. Pleasing and intriguing, yet functional, architectural lighting.

Specified for many iconic building around the world, expanded metal facade/sunscreen Mesh has become a critical tool for architects and designers not only practical but eye-catching and kinder on environment, too.

The structure of Expanded Metal Facade Mesh/Sunscreen Mesh aides the disruption of sound waves, deadening noise and reduction of echo. These practical features of the material in conjunction with its already proven architectural features make it perfect for decorative ceiling tiles and acoustic panels and are chosen by designers and architects for their beauty and striking appearance.

In terms of sheer visual impact, Expanded Metal cladding systems are hard to beat. combining the best of modern metallic materials, unique patterns and a range of finishes with practical solar and decorative properties, such systems allows architects to ensure any new building stays at the very cutting edge of modern building materials technology.

In terms of refurbishment, dull, grey, concrete surfaces can be cladded to review building and send them hurtling into 21st century.

### Availability

#### **Expanded Metal Mesh & Building's Facades**

 Material
 :
 AL., SS, M.S, G.I

 Thickness
 :
 0.5 to 6 mm

 Width
 :
 300 to 1500 mm

 Lenght
 :
 500 to 10,000 mm

 SWM
 :
 6 to 60 mm

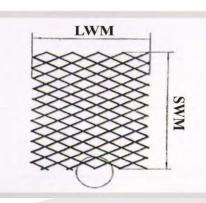

SWM : 6 to 60 mm LWM : 16 to 196 mm Strand width : 1 to 24 mm

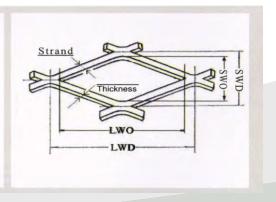

#### **Expanded Metal Grating**

Material : AL., SS, M.S, G.I Thickness : 3.00 to 6 mm Width : 300 to 1500 mm Lenght : 600 to 6000 mm
